Grant Title: A Place for Everyone

Casi Story

School: Reed Elementary, Holdenville

Grade Level(s): Pre-K

Content Area: Math, Literacy, Language, Social, Emotional, Cognitive, Fine Motor

Total Dollar Amount Requested: \$735.85

1. What is the major educational need this grant addresses? Please give grade level and academic area.  
Schools today focus on important areas such as reading and math. Centers in the Pre-K classroom provide many building blocks of child development. The major educational need this grant addresses is to supply our classroom with age appropriate center material to help the child learn their objectives.
2. Approximately how many pupils will be affected by this project, both directly and indirectly?  
Twenty Pre-Kindergarten students each academic year.
3. Describe your grant including methods, materials and objectives. Foundation grants are intended to fund a creative teaching plan, so if equipment or materials are requested it should be clearly stated as to why these are an integral part of the plan.  
This grant will allow for child development, creativity, and to enrich the student's knowledge in each subject. It will also allow the student to learn milestones needed for early childhood testing.

4. Give a time schedule of implementation.  
The time schedule will be for centers in the classroom on a daily basis starting the first day of school in August 2018.
  
5. Detail your budget request. Include specific information about kinds of materials and equipment needed, sources of supply, and costs (including shipping and handling). If possible, list alternatives if full funding is not available.
